## SELENMETALL

### SELENIUM METAL – SELENIUM METALLIQUE– SELENIO METALICO

4N5 Pellets high purity

Special granulate

|  |          |      |
|--|----------|------|
| Selen – Selenium – Sélénium - Selenio .....            | 99.995 % | min. |
| Verunreinigungen – Impurities – Impuretés – Impurezas: |          |      |
| Silber   |          |      |
| Silver – Argent – Plata .....                          | 0.5 ppm  | max. |
| Arsen  |          |      |
| Arsenic – Arsenic – Arsénico .....                     | 1 ppm    | max. |
| Cadmium  |          |      |
| Cadmium – Cadmium – Cadmio .....                       | 0.5 ppm  | max. |
| Kupfer   |          |      |
| Copper – Cuivre – Cobre .....                          | 0.5 ppm  | max. |
| Eisen  |          |      |
| Iron – Fer – Hierro .....                              | 3 ppm    | max. |
| Quecksilber  |          |      |
| Mercury – Mercure – Mercurio .....                     | 0.2 ppm  | max. |
| Nickel   |          |      |
| Nickel – Nickel – Niquel .....                         | 2 ppm    | max. |
| Blei   |          |      |
| Lead – Plomb – Plomo .....                             | 0.5 ppm  | max. |
| Tellur   |          |      |
| Tellurium – Tellure – Telurio .....                    | 5 ppm    | max. |

# SPECIFICATION

## SELENMETALL

### SELENIUM METAL – SELENIUM METALLIQUE – SELENIO METALICO

4N5 Pellets high purity

Special granulate

Seite 2 – page 2 – page 2 – página 2

Schüttdichte

Bulk density - Densité apparente – Densidad aparente

2.5 – 3.0 kg/l

Aussehen

Appearance – Apparence – Apariencia

graue Granalien

grey granules – granules gris – pellets  
gris

Größe

Size – Taille – Talla

100 % < 4 mm, max. 0.2 % < 1 mm

Geruch

Odour – Odeur – Olor

ohne

none – sans – sin

Verpackung

Packaging – Emballage – Embalaje

25 kg net steel drums with inliner,  
other packaging possible on request

Transport

Transportation – Transport – Transporte

not classified according to ADR
